# Planning and Distribution Procedures

## CNA and D/CIP Process:

Bronte ISD engages with a variety of stakeholders in the development of the Comprehensive Needs Assessment, and District/Campus Improvement plan.

- Data Gathering: Bronte ISD sends annual surveys to students, parents, and staff to gather relevant information regarding our academic program, student safety, school climate, staff quality, college and career preparedness, and family and community engagement. Bronte ISD also utilizes local assessment data, academic accountability reports, and state assessment data to help make determinations about the needs of our district.
- Meetings: Bronte ISD invites parents and community members based on the ability and willingness to serve. Teachers and staff are selected according to local board policy. Meetings are held 3 to 4 times throughout the year and agendas and documents are sent to committee members prior to each meeting so that if they cannot attend, they can offer feedback prior to the meeting.
- Needs Assessment: After meetings with decision-makers, the needs assessment is summarized and documented within the District plan. After state assessment scores are made available, the needs assessment is further refined to include this data.
- District/Campus Plan: The DIP is developed based upon the strengths and weaknesses identified in the needs assessment. In the spring, a draft DIP is written in order to complete the ESSA Consolidated grant application for the following year. After state assessment scores are provided, the DIP is refined accordingly. The DIP is also reviewed periodically throughout the school year to measure goal progress.

## Priority for Service (PFS) Action Plan for Migrant Students

As part of the Every Student Succeeds Act (ESSA), the Priority for Service (PFS) Action Plan is a required program activity for the Migrant Education Program. In providing services with funds received under this part, each recipient of such funds shall give priority to migratory children who have made a qualifying move within the previous 1-year period and who are failing, or most at risk of failing, to meet the challenging State academic standards; or have dropped out of school. [§1304 [20 U.S.C. 6394](d)].

The Priority for Service Report on Texas – New Generation System (TX-NGS) must be used to determine who to serve first and foremost with MEP funds. Students are identified as PFS if they meet the following criteria:

<b>Priority for Service Criteria</b>	
Grades 3-12,  Ungraded (UG) or  Out of School (OS)	<ul style="list-style-type: none"> <li>• Who have made a qualifying move within the previous 1-year period;</li> </ul> <p style="text-align: center;"><u>AND</u></p> <ul style="list-style-type: none"> <li>• Have a received grade level of “approaches or not meet” on the state assessments (STAAR), were Absent, Not Tested or were not enrolled in a Texas school during the state assessment testing period for their grade level.</li> </ul>

The following document is provided by TEA for districts to help document efforts that are being conducted on behalf of Priority for Service students. It contains all the required components as described in Part 3 of the ESSA Consolidated Federal Grant Application, but allows room for districts to add additional activities. Each district’s PFS Action Plan must clearly articulate criteria for defining student success, including timelines for achieving stated goals and objectives.
